

24 MAY 1958

MEMORANDUM FOR: Deputy Director (Plans)
Inspector General

SUBJECT: Inspector General's Survey Report of July 1957 on the
Near East and Africa Division

1. The recommendations contained in the report of subject survey are approved as modified by the comments of the Deputy Director (Plans), dated 15 April 1958, and with the exceptions as specified below:

a. Item 14, Attachment 62, Page 124

b. Item 24, Attachment 103, Page 220

In regard to the information report form, corrective measures have not been taken adequately to supply the field stations with these forms. DD/P should explore further the matter to determine what can be done to alleviate this condition. It may be that some of the field stations could arrange to produce the forms locally.

In regard to a standard report form for all IAC agencies, DD/P should press forward toward the objective of such a form for all the U.S. intelligence agencies. The time is increasingly ripe for accomplishing this.

c. Item 26, Attachment 111, Page 224

The comments of the DD/P are noted regarding the difficulty involved in reaching an agreement on a [redacted] form. However, the project form should be simplified and made uniform.
